

SUTHAR ENTERPRISES

SHRI GANGANAGAR | RAJASTHAN

AGRICULTURAL EQUIPMENT

Precision starts with the right setup.

Laser land levellers and guidance equipment for farmers, contractors and agricultural equipment buyers.

LAND LEVELLERS | LASER GUIDANCE | HYDRAULICS

FIELD-FOCUSED EQUIPMENT. STRAIGHTFORWARD GUIDANCE.

Established in 2005 by Mr. Sushil Kumar Suthar, Suthar Enterprises helps customers explore equipment for laser-guided land levelling and related field work.

About Suthar Enterprises

Established in 2005 by Mr. Sushil Kumar Suthar, Suthar Enterprises is based in Sri Ganganagar, Rajasthan. We serve farmers, land-levelling contractors and equipment buyers looking for practical agricultural tools and laser-guided field equipment.

Our range focuses on land levellers and the equipment used with them, including laser transmitters, mast receivers, laser receivers and hydraulic systems. We also supply related accessories and components such as tripods, weather stations and electronics.

OUR MISSION

Make equipment choices clearer.

Help farmers and contractors explore suitable field equipment through practical product information, thoughtful questions and direct local contact.

What guides our work

PRODUCT FOCUS

Land levelling, laser guidance and related agricultural equipment.

FITMENT FIRST

Consider the tractor, implement and system already in use.

CLEAR CONTACT

Ask directly about current availability, specifications and support terms.

LOCAL PRESENCE

44, Homeland City, NH62 | Sri Ganganagar, Rajasthan 335001

Equipment for laser land levelling

A laser-guided setup combines a field implement with a laser reference and compatible receiving and control components. Product configuration depends on the selected model and the tractor setup.

LASER LAND LEVELLER

Tractor-mounted implement for moving soil and grading a field surface. Ask about available models, working width and tractor requirements.

LASER TRANSMITTER

Sets the laser reference plane used during levelling work. Check the model, accessories and operating details for the selected unit.

MAST RECEIVER

Mounted on a tractor mast to detect the reference signal. Confirm the mounting style and compatibility with the control system.

LASER RECEIVER

Receives the laser reference as part of a levelling setup. Receiver format and system requirements vary by product.

RELATED EQUIPMENT & ACCESSORIES

Hydraulic systems | Tripods | Weather stations | Electronic components | Land levellers

SUTHAR ENTERPRISES
WHY SUTHAR ENTERPRISES

A practical partner for equipment enquiries

Established 2005

Serving agricultural equipment buyers from Sri Ganganagar.

Focused range

Land levellers and the laser guidance components used with them.

Setup-aware advice

Discuss tractor, implement and existing system details.

Direct answers

Contact us for current model information, availability and pricing.

Before you choose

Tractor make, model, horsepower and hydraulic connections

Leveller type, working width (if known) and intended field work

Full setup or replacement part; include model labels or equipment photos
